

ORIGAMI DUNE

Origami Dune is a modern collection of monochrome wall tiles, with three bright hues – white, pastel grey, and cream – contrasting against deep-black tiles. The collection features the structural patterns: „Origami”, with reliefs inspired by the Japanese art of folded-paper decorations, and „Pulse”, with structures made of miniature hemispheres, forming a pulsating, convex pattern. The glossy enamel covering the rounded elements reminds one of drops of water in a regular arrangement. This collection makes it possible to create many unique interiors – ranging from bright monochrome compositions with certain areas underscored by raised patterns, to contrast-based designs embellished with touches of relief.
